---

### (a) Statement of Compliance

These unaudited condensed consolidated interim financial statements should be read in conjunction with the REIT’s audited annual consolidated financial statements as at and for the year ended December 31, 2025 and the accompanying notes thereto. These unaudited condensed consolidated interim financial statements do not include all the information required for full financial statements prepared in accordance with IFRS Accounting Standards (“IFRS”).

These unaudited condensed consolidated interim financial statements were authorized for issuance by the Board of Trustees of the REIT (the “Board”) on May 13, 2026.

### (b) Basis of Presentation

The unaudited condensed consolidated interim financial statements of the REIT have been prepared using the historical cost basis except for the following items that were measured at fair value:

- investment properties as described in Note 4;
- interest rate swaps as described in Note 6;
- Class B LP Units which are exchangeable for Units at the option of the holder as described in Note 9; and

- Deferred Units (“DUs”), Income Deferred Units (“IDUs”), Restricted Deferred Units (“RDUs”) and Performance Deferred Units (“PDUs”, and together with DUs, IDUs and RDUs, “Unit-based compensation”) which are exchangeable for Units in accordance with their terms as described in Note 10.

The unaudited condensed consolidated interim financial statements are presented in Canadian dollars, the REIT’s functional and reporting currency. Other Comprehensive Income includes the net foreign exchange impact of the REIT’s US properties, which have a USD functional currency.

Control requires exposure or rights to variable returns and the ability to affect those returns through power over an investee. All intercompany transactions and balances have been eliminated on consolidation.

### (d) Accounting policies

The accounting policies applied by the REIT in these unaudited condensed consolidated interim financial statements are the same as those applied by the REIT in its audited consolidated financial statements as at and for the year ended December 31, 2025. The amendments became effective on January 1, 2026. The REIT adopted the amendments and there is no material impact on the REIT’s unaudited condensed consolidated interim financial statements.

### (e) Critical accounting judgements and estimates

The REIT will continue to review its discounted cash flow projections, changes in capitalization rates and the impact on the fair value of its investment properties. Valuation inputs and assumptions relating to rental income, rent collection, reserves and discount rates may change over time.

Balance, beginning of year	\$1,377,941	\$2,508	\$1,380,449	\$1,187,364

<b>Balance, end of year</b>	<b>\$1,423,302</b>	<b>\$2,151</b>	<b>\$1,425,453</b>	<b>\$1,380,449</b>

(1) Includes acquisition costs of \$621 (December 31, 2025 – \$6,054).

## Valuation of Investment Properties

The REIT valued the investment properties using a discounted cash flow approach whereby a current discount rate was applied to the projected net operating income that a property can reasonably be expected to produce in the future. Property under development is measured using both a comparable sales method and a discounted cash flow method, net of costs to complete. The REIT's valuation inputs are supported by quarterly industry market reports. For the three months ended March 31, 2026, the REIT adjusted the discount rates for properties across all markets to reflect current market conditions. The overall capitalization rate applicable to the REIT's entire portfolio was 6.75% as at March 31, 2026 (December 31, 2025 – 6.75%). The following table highlights the significant valuation inputs used in determining the fair value of the REIT's income producing properties:

### Significant Valuation Inputs

Total Income Producing Properties	March 31, 2026		December 31, 2025	
	Range	Weighted average	Range	Weighted average
Discount rate	5.35% - 11.55%	7.59%	5.30% - 11.50%	7.57%
Terminal capitalization rate	5.10% - 11.30%	7.29%	5.00% - 10.70%	7.25%

A 25 basis point decrease or increase in capitalization rates or discount rates would result in an increase or decrease in the fair value of the investment properties of approximately \$54,700 or \$(50,800), respectively, as of March 31, 2026. A 50 basis point decrease or increase in capitalization rates or discount rates would result in an increase or decrease in the fair value of the investment properties of approximately \$113,900 or \$(98,200), respectively, as of March 31, 2026.

## Rental Commitments

Minimum rental commitments on non-cancellable tenant operating leases are as follows:

Within 1 year	\$92,240

More than 5 years	462,296
	<u>\$909,941</u>

As at March 31, 2026, the weighted average interest rate of the Mortgages including the VTB was 4.26% (December 31, 2025 – 3.90%).

(v) During the period ended March 31, 2026, the REIT incurred financing fees of \$510 (December 31, 2025 – \$2,039). The amounts are accounted for using the effective interest method, and \$3,527 remains unamortized at March 31, 2026 (December 31, 2025 – \$3,370).

The credit facilities described above (the “Credit Facilities”) and the Mortgages are secured by the REIT’s investment properties. As of March 31, 2026, the REIT had eleven unencumbered properties with an aggregate fair value of

approximately \$152,900 (December 31, 2025 – nine unencumbered properties with an aggregate fair value of approximately \$116,997).

#### (b) Interest Rate Swaps

The REIT entered into interest rate derivative contracts to limit its exposure to fluctuations in the interest rates payable on variable rate financings for Facility 1, Facility 2, and Facility 3. Gains or losses arising from changes in the fair value of the interest rate derivative contracts are recognized in the unaudited condensed consolidated interim statements of income and comprehensive income (terms described in Note 6(a)(i), (ii) and (iii) above).

As at March 31, 2026, the notional principal amount of the interest rate swaps was \$447,426 (December 31, 2025 – \$443,535) and the fair value adjustment of the interest rate swaps was a gain of \$1,999 (March 31, 2025 – interest rate swaps loss was \$(4,728)). As at March 31, 2026, the net asset balance of interest rate swaps was \$2,525 (December 31, 2025 – net asset balance of interest rate swaps was \$469).

## 9. UNITHOLDERS' EQUITY AND CLASS B LP UNITS

---

### Units

The REIT is authorized to issue an unlimited number of Units.

Each Unit is transferable and represents an equal, undivided beneficial interest in the REIT and any distributions from the REIT, whether of net income, net realized capital gains (other than such gains allocated and distributed to redeeming Unitholders) or other amounts and, in the event of the termination or winding-up of the REIT, in the net assets of the REIT remaining after satisfaction of all liabilities. All Units rank equally among themselves without discrimination, preference or priority and entitle the holder thereof to receive notice of, to attend and to one vote at all meetings of Unitholders and holders of Special Voting Units or in respect of any written resolution thereof.

Unitholders are entitled to receive distributions from the REIT (whether of net income, net realized capital gains or other amounts) if, as and when declared by the Board. Upon the termination or winding-up of the REIT, Unitholders will participate equally with respect to the distribution of the remaining assets of the REIT after payment of all liabilities. Such distribution may be made in cash, as a distribution in kind, or both, all as the Board in its sole discretion may determine.

Units have no associated conversion or retraction rights. No person is entitled, as a matter of right, to any pre-emptive right to subscribe for or acquire any Unit.

On March 13, 2026, 106,460 DUs and IDUs were exchanged for Units, of which 54,635 Units were subsequently surrendered and cancelled in order to fulfill tax payment obligations in accordance with applicable tax regulations.

On October 23, 2025, the REIT completed a bought deal public offering of 3,070,000 Units at a price of \$11.11 per Unit (the "Offering Price") to a syndicate of underwriters (the "Underwriters") for gross proceeds of \$34,108 (the "Public Offering"). Concurrently with the Public Offering, the REIT completed a private placement of 1,442,844 Units at the Offering Price to a member of the Dilawri Group (the "Dilawri Subscriber") for gross proceeds of \$16,030 (the "Concurrent Private Placement" and, together with the Public Offering, the "Offering"). On October 28, 2025, the REIT issued and sold an additional 428,200 Units at the Offering Price to the Underwriters for gross proceeds of \$4,757 pursuant to the partial exercise of the over-allotment option granted to the Underwriters in connection with the Public Offering (the "Over-Allotment Option"). Concurrently, the REIT completed the issue and sale of an additional 201,247 Units at the Offering Price to the Dilawri Subscriber for gross proceeds of \$2,236 pursuant to the exercise of an option granted to the Dilawri Subscriber in connection with the Concurrent Private Placement (the "Dilawri Option"). The completion of the Over-Allotment Option and the Dilawri Option increased the total gross proceeds of the Offering to \$57,131. The REIT used the net proceeds from the Offering to repay indebtedness under its Credit Facilities, including the debt incurred to fund the cash portion of the acquisition of the Des Sources Properties.

On March 17, 2025, 55,750 DUs and IDUs were exchanged for Units, of which 28,779 Units were subsequently surrendered and cancelled in order to fulfill tax payment obligations in accordance with applicable tax regulations.

### Class B LP Units

On September 25, 2025, in connection with the purchase of the Île-Perrot Properties, the REIT, through the Partnership, issued 833,333 Class B LP Units to the seller. In the event that the five day volume-weighted average trading price of the REIT Units on the Toronto Stock Exchange (the "VWAP") is less than \$12.00 per REIT Unit on the date that is two years following September 25, 2025, the REIT has agreed to make a cash payment to the holder in an amount equal to the difference between (i) \$12.00 and (ii) the VWAP as of the date that is two years following the closing date subject to a maximum cash payment of \$1,250. Each Class B LP Unit is exchangeable at the option of the holder for one Unit (as per securities law, subject to four month hold-period), is accompanied by a Special Voting Unit (which provides the holder with that number of votes at any meeting of Unitholders to which a holder of the number of Units that may be obtained upon the exchange of the Class B LP Unit to which such Special Voting Unit is attached would be entitled), and will receive distributions of cash from the Partnership equal to the distributions to which a holder of the number of Units that may be obtained upon the exchange of the Class B LP Unit to which such Special Voting Unit is attached would be entitled.

As at March 31, 2026, there are 833,333 Class B LP Units issued and outstanding.

**10. UNIT-BASED COMPENSATION**

The REIT offers an Equity Incentive Plan (the "Plan") whereby DUs, PDUs and RDUs may be granted to eligible participants (each, a "Participant") on a discretionary basis by the Governance, Compensation and Nominating Committee of the Board. The maximum number of Units approved for issuance under the Plan is 1,750,000. Each DU, PDU and RDU is economically equivalent to one Unit, however, under no circumstances shall they be considered Units nor entitle a Participant to any rights as a Unitholder, including, without limitation, voting rights or rights on liquidation. Each DU, PDU and RDU shall receive a distribution of additional IDUs equal to the amount of distributions paid per Unit by the REIT on its Units. Upon vesting of the DUs, PDUs, RDUs and IDUs, a Participant may elect, prior to their expiry, to exchange such vested DUs, PDUs, RDUs and IDUs (subject to satisfaction of any applicable withholding taxes) for an equal number of Units. The holder of such DUs, PDUs, RDUs and IDUs cannot settle them for cash. Under the Plan, the fair value of the DUs, PDUs, RDUs and IDUs is recognized as compensation expense over the vesting period. Fair value is determined with reference to the market price of the Units.

The Units are redeemable at the option of the holder and are considered puttable instruments in accordance with IAS 32 — *Financial Instruments: Presentation* ("IAS 32"). As the exemption under IAS 32 does not apply to IFRS 2 — *Share Based Payments*, Unit-based compensation is accounted for as a liability. The deferred unit liability is adjusted to reflect the change in their fair value at each reporting period with the changes in fair value recognized as compensation expense.

During the three months ended March 31, 2026, the REIT accrued short-term incentive awards in the amount of \$196 which will be settled by the granting of DUs and/or cash (March 31, 2025 – \$164).

All independent Trustees of the REIT elected to receive board and committee compensation in the form of DUs. The fair value of each DU granted is measured based on the volume-weighted average trading price of the Units for the five trading days immediately preceding the grant date. The amount of DUs, PDUs, RDUs and IDUs vested and outstanding under the Plan is outlined below:

#### As at March 31, 2026

On March 13, 2026, 19,132 DUs and 3,845 IDUs were clawed back in respect of the 2023 performance period due to performance conditions not being achieved. On March 17, 2025, 55,750 DUs and IDUs were exchanged for Units, of which 28,779 Units were subsequently surrendered and cancelled in order to fulfill tax payment obligations in accordance with applicable tax regulations. ## 12. SEGMENT INFORMATION

---

All of the REIT's assets and liabilities are in, and its revenues are derived from, the Canadian and United States real estate industry segment. The REIT's investment properties are, therefore, considered by management to have similar economic characteristics.

## 13. CAPITAL MANAGEMENT

---

The REIT defines its capital as the aggregate of Unitholders' equity, Class B LP Units, Credit Facilities and Mortgages which, as at March 31, 2026, totaled \$1,401,753 (December 31, 2025 – \$1,365,169). The REIT is free to determine the appropriate level of capital in the context of its cash flow requirements, overall business risks and potential business opportunities. The REIT will make adjustments to its capital based on its investment strategies and changes to economic conditions.

In order to maintain or adjust its capital structure, the REIT may increase or decrease the amount of distributions paid to Unitholders, issue new Units and debt, or repay debt. The REIT manages its capital structure with the objective of:

- complying with the guidelines set out in its Declaration of Trust;
- complying with debt covenants;
- ensuring sufficient liquidity is available to support its financial obligations and to execute its operating and strategic plans;
- maintaining financial capacity and flexibility through access to capital to support future growth; and
- minimizing its cost of capital while taking into consideration current and future industry, market and economic risks and conditions.

The REIT has certain key financial covenants in its Credit Facilities and Mortgages, including debt service ratios and leverage ratios, as defined in the respective agreements. These ratios are measured by the REIT on an ongoing basis to ensure compliance with the agreements. As at March 31, 2026, the REIT was in compliance with each of the covenants under these agreements.

## 14. FAIR VALUES AND FINANCIAL INSTRUMENT RISK MANAGEMENT

---

The fair value of the REIT's financial assets and financial liabilities, except as noted below, approximate their carrying values due to their short-term nature.

The following table provides the classification and measurement of non-current financial assets and liabilities as at March 31, 2026:

<b>Financial Assets/(Liabilities)</b>	<b>Classification/ Measurement</b>	<b>Carrying Value</b>	<b>Fair Value</b>

The following table provides the classification and measurement of financial assets and liabilities as at December 31, 2025:

<b>Financial Assets/(Liabilities)</b>	<b>Classification/ Measurement</b>	<b>Carrying Value</b>	<b>Fair Value</b>

The REIT uses various methods to estimate the fair values of assets and liabilities that are measured at fair value on a recurring or non-recurring basis in the statement of financial position after initial recognition. The fair value hierarchy reflects the significance of inputs used in determining the fair values.

- Level 1 – quoted prices in active markets for identical assets and liabilities;
- Level 2 – inputs other than quoted prices in active markets or valuation techniques where significant inputs are based on observable market data; and
- Level 3 – valuation technique for which significant inputs are not based on observable market data.

The following summarizes the significant methods and assumptions used in estimating the fair value of the REIT's assets and liabilities measured at fair value:

(i) Investment Properties

The REIT assessed the valuation of the investment properties using a discounted cash flow approach whereby a current discount rate was applied to the projected net operating income which a property can reasonably be expected to produce in the future. The fair value of investment properties as at March 31, 2026 is \$1,425,453 (December 31, 2025 – \$1,380,449) (Level 3).

(ii) Credit Facilities and Mortgages

The fair value of the REIT's Credit Facilities and Mortgages is determined based on the present value of future payments, discounted at the yield on Government of Canada bonds, plus an estimated credit spread at the reporting date for a comparable loan. The fair value of Credit Facilities and Mortgages as at March 31, 2026 is \$660,441 (December 31, 2025 – \$638,580) (Level 2).

(iii) Interest Rate Swaps

The net fair value of the REIT's interest rate swaps which represents an asset balance as at March 31, 2026 is \$2,525 (December 31, 2025 – \$469). The fair value of an interest rate swap is determined using rates observable in the market (Level 2).

(iv) Class B LP Units

The fair value of the Class B LP Units as at March 31, 2026 is \$9,342 (December 31, 2025 – \$9,175). The fair value of the Class B LP Units is based on the traded value of the Units as at the reporting date (Level 1).

(v) Unit-based compensation

The fair value of Unit-based compensation as at March 31, 2026 is \$14,933 (December 31, 2025 – \$14,533). The fair value of Unit-based compensation is based on the traded value of the Units as at March 31, 2026 (Level 2).

## Financial Risk Management

The REIT's activities expose it to a variety of financial risks. The main risks arising from the REIT's financial instruments are market, liquidity and credit risks. Below is a description of those risks and how the exposures are managed.

## Market Risk

The REIT is exposed to market risk as a result of changes in factors such as interest rates and the market price of the Units.

*Interest Rate Risk* – The majority of the REIT's debt is financed with floating rates. Interest rate swaps (with maturities staggered over 10 years) have been entered into to mitigate interest rate fluctuations, thereby mitigating the exposure to changes in interest rates.

*Foreign Exchange Risk* – The REIT has minimal exposure to foreign exchange risk. The REIT had previously entered into foreign exchange forward contracts to reduce its exposure to such risk; however, the REIT has no foreign exchange forward contracts as at March 31, 2026.

*Tariff Risk* – While the full extent and impact of the trade tariffs and trade restrictions remains uncertain, the REIT is continuing to assess the impact and exposure of this risk.

*Unit Price Risk* – The REIT is exposed to Unit price risk as a result of the issuance of Unit-based compensation. Unit-based compensation negatively impacts net income when the Unit price rises and positively impacts net income when the Unit price declines.

*Exchange loss arising on translation of foreign operations* – Assets and debt held in U.S. dollars converted to Canadian dollars as at March 31, 2026 may positively or negatively impact net income and other comprehensive income.

### **Liquidity Risk**

Liquidity risk arises from the possibility of an inability to renew maturing debt or not having sufficient capital available to the REIT. Mitigation of liquidity risk is discussed above in Note 13. A significant portion of the REIT's assets have been pledged as security under the REIT's Credit Facilities and Mortgages. Certain of the Credit Facilities allow for an extension of the term in advance of expiration.

### **Credit Risk**

The REIT is exposed to credit risk from the possibility that counterparties could default on their financial obligations to the REIT. Exposure to credit risk arises from the possibility that the REIT's counterparties may experience financial difficulty and be unable to meet their obligations. The REIT's revenues will be dependent on the ability of the tenants to meet their obligations and the REIT's ability to collect rent therefrom.

## **15. RELATED PARTY TRANSACTIONS**

---

The REIT's largest Unitholder and lead tenant is the Dilawri Group, which as at March 31, 2026 held an approximate 30.7% (December 31, 2025 – 30.7%) effective interest in the REIT on a fully diluted basis, through its ownership of 17,390,998 Units (December 31, 2025 – 17,390,998 Units). The Dilawri Tenants are the REIT's major tenant and accounted for approximately 46.0% of the REIT's rental income for the period ended March 31, 2026 (March 31, 2025 – 51.7%).

In the normal course of its operations, the REIT enters into various transactions with related parties and the REIT's policy is to conduct all transactions and settle all balances with related parties on market terms and conditions and in accordance with the Related Party Transaction Policy adopted by the Board and the Declaration of Trust.

In consideration of the applicable Dilawri Tenants leasing the entirety of the two Initial Properties with third party tenants (and thereby bearing occupancy, rental and other risks associated with the portions of those properties to be subleased to third party tenants for the initial lease terms of 12 and 15 years for those properties), the REIT paid to such Dilawri Tenants an indemnity fee in the aggregate amount of \$1,000 at the time of closing of the IPO (amortizable over the term of the leases).

In connection with the IPO, the REIT and Dilawri entered into the Strategic Alliance Agreement which established a preferential and mutually beneficial business and operating relationship between the REIT and Dilawri. The Strategic Alliance Agreement will be in effect so long as Dilawri and certain other entities related to Dilawri own, control or direct, in the aggregate, an effective interest of at least 10% (on a fully diluted basis) in the REIT. The Strategic Alliance Agreement provides the REIT with the first right to purchase REIT-Suitable Properties (as defined in the Strategic Alliance Agreement) in Canada or the United States acquired or developed by the Dilawri Group. The purchase price in respect of a REIT-Suitable Property will be mutually agreed by the REIT and Dilawri at the applicable time and supported by an independent appraisal report. The REIT did not acquire any investment properties pursuant to the Strategic Alliance Agreement in 2025 or the three months ended March 31, 2026.

## 17. SUBSEQUENT EVENTS

On April 7, 2026, the REIT acquired two automotive dealership properties located in Santa Ana, Orange County, California (the "Orange County Properties") from a third party for a purchase price of US\$30,150 plus acquisitions costs of US\$350, translated to a total of approximately C\$42,500. The Orange County Properties are tenanted by Penske Automotive Group, Inc., under mid-term, triple-net leases, with renewal options based on the California Consumer Price Index, subject to a cap. The Orange County Properties consist of an approximately 31,900 square-foot Audi South Coast and an approximately 29,300 South Coast Volkswagen facility situated on parcels of land totaling 5.95 acres. The REIT funded the acquisition of the Orange County Properties by drawing on its revolving credit facilities.
